Summary Grants and Donations to Healthcare Organisations by Medicines Australia Member Companies

Company: AbbVie Pty Ltd
Number of grants & donations made: 4
For the period: 1 May -31 December 2025

Date (month/year) on which the grant or donation was made	Name of Healthcare Organisation	Description of the purpose of the grant or donation	Total monetary value of the grant or donation made in this reporting period (\$ AUD ex GST)
October 2025	INGHAM INSTITUTE FOR APPLIED	Funding supports the SEARCH-3X program which is a NSW Ministry of Health initiative for clinical service enabling universal hepatitis B surface antigen (HBsAg) and hepatitis C antibody (HCV Ab) add-on testing on bloods collected in emergency departments (EDs). The funding provided supported pathology associated costs and contributed to the delivery of healthcare worker and patient follow up as well as educational activities post-implementation.	\$ 40,000.00
October 2025	GACHI PTY LTD	Funding to support the Intestinal Ultrasound (IUS) Access Path Program, which was designed to address highly variable and inequitable – particularly in Australia’s rural and regional areas – access to and practice of IUS in inflammatory bowel disease (IBD) management. The program accelerates workforce through the creation of a versatile and expandable structured program that trains and supports clinicians from underrepresented regions and practice settings by combining scholarships, hands-on training, tailored mentorship, implementation microgrants, and ongoing community support to ensure skill development and enables real-world IUS service implementation and direct patient impact. The funding allows for 9 clinician training scholarships to complete their IUS training, development of educational content and workshop delivery, and the development of a “patient ready” toolkit.	\$ 341,500.00
October 2025	ST VINCENTS HOSPITAL MELBOURNE	Funding to support the implementation and evaluation of point of care testing for hepatitis C to support health of Victorian prisoners upon reception to a Victorian prison. The program further aims to support Victoria’s goal of eliminating hepatitis C as a public health threat.	\$ 130,000.00
December 2025	LA TROBE UNIVERSITY	Funding to assist with the expansion of Hospital in the Home-based outpatient monitoring program for eligible patients who are being treated with new standard of care therapies for Relapsed-Refractory Diffuse Large B Cell Lymphoma.	\$ 124,400.00
