Summary Grants and Donations to Healthcare Organisations by Medicines Australia Member Companies

Company: GSK Australia
Number of grants & donations made: 8
For the period: 1 May 2025 to 31 December 2025

Date (month/year) on which the grant or donation was made	Name of Healthcare Organisation	Description of the purpose of the grant or donation	Total monetary value of the grant or donation made in this reporting period (\$ AUD ex GST)
May-25	Northern Health	<p>Culturally Inclusive Digital Education for Patients with COPD</p> <p>Northern Health developed culturally inclusive digital education resources to support patients with Chronic Obstructive Pulmonary Disease (COPD) across Melbourne’s diverse northern community. The funded program delivered three short, co designed educational videos embedded within the My Health @ Northern app, improving patient understanding of COPD, strengthening self management, and addressing language and health literacy barriers for culturally and linguistically diverse populations.</p> <p>The initiative was supported through \$20,000 in funding from GSK, alongside a \$10,000 contribution from Safer Care Victoria, with Northern Health meeting remaining costs. The program empowered patients through accessible, person centred digital care and contributed to improved health outcomes and reduced preventable hospitalisations.</p>	\$20,000
May-25	Pharmaceutical Society of Australia (PSA)	<p>Adult Vaccination Continuing Professional Education (eCPE) Program</p> <p>The Adult Vaccination eCPE Program was delivered by the Pharmaceutical Society of Australia (PSA) to address identified knowledge gaps among pharmacists regarding current practices, guidelines, and advances in adult immunisation. The program aimed to strengthen pharmacists’ clinical knowledge and capability to improve vaccination uptake and patient outcomes across diverse adult populations. The accredited online education activity included expert developed content, publication and design, subject matter expertise, accreditation, governance, and digital hosting via the myPSA platform.</p> <p>The program was supported through educational funding from GSK, which contributed to the total program cost of \$50,000, ensuring delivery in accordance with Australian Pharmacy Council accreditation standards and PSA governance requirements.</p>	\$50,000

Date (month/year) on which the grant or donation was made	Name of Healthcare Organisation	Description of the purpose of the grant or donation	Total monetary value of the grant or donation made in this reporting period (\$ AUD ex GST)
May-25	Hunter Medical Research Institute (HMRI)	<p>Cardio Oncology Patient Education Q&A Session</p> <p>The Cardio Oncology Patient Education Q&A Session was delivered by the Newcastle Centre of Excellence in Cardio Oncology at the Hunter Medical Research Institute to improve awareness and understanding of the cardiovascular impacts of cancer and cancer treatments among patients, families, and caregivers. The one day educational event aimed to empower participants with practical knowledge on managing cardiovascular risk factors, including hypertension, cholesterol, physical activity, and smoking cessation, and to highlight the role of preventive measures such as vaccination in reducing infection related cardiovascular events, particularly for regional and rural populations.</p> <p>The program was supported through educational funding from GSK of \$6,000, which contributed to venue, catering, and audio visual costs to enable delivery of the session.</p>	\$6,000
Jun-25	Hepatitis Australia	<p>The Productivity Impacts of Australia's 2030 Viral Hepatitis Elimination Targets</p> <p>The Productivity Impacts of Australia's 2030 Viral Hepatitis Elimination Targets program was delivered by Hepatitis Australia to generate independent health and economic evidence on the consequences of failing to eliminate hepatitis B and hepatitis C as public health threats by 2030. The program aimed to quantify the productivity, health system, and societal impacts of delayed elimination, create urgency for government action, and support policy engagement to prioritise implementation of the National Hepatitis B and Hepatitis C Strategies. The activity included economic modelling, policy analysis, stakeholder engagement, dissemination of findings, and a national report launch.</p> <p>The program was supported through educational funding of \$70,000 from GSK, which contributed to the incorporation of hepatitis B into the broader modelling and advocacy project, with delivery overseen in accordance with Hepatitis Australia governance and compliance requirements.</p>	\$70,000

Date (month/year) on which the grant or donation was made	Name of Healthcare Organisation	Description of the purpose of the grant or donation	Total monetary value of the grant or donation made in this reporting period (\$ AUD ex GST)
Jun-25	Vaccine Trials Group (The Kids Research Institute Australia)	<p>Conference Attendance Support – Communicable Diseases and Immunisation Conference (CDIC) 2025</p> <p>Support for attendance at the Communicable Diseases and Immunisation Conference (CDIC) 2025 was provided to the Vaccine Trials Group (VTG) at The Kids Research Institute Australia to support professional development and capability building in vaccinology and communicable disease research. The objective of the program was to enable two VTG staff members to attend the national conference to enhance their knowledge of current and emerging evidence in immunisation, data systems, and innovation, and to strengthen collaboration with national and international research partners.</p> <p>The activity was supported through funding from GSK of \$6386 (\$3193 per attendee) to cover conference registration, travel, accommodation, and associated expenses, with learnings subsequently shared internally with colleagues to benefit ongoing clinical research and vaccine trial activities.</p>	\$6,386
Sep-25	Lung Foundation of Australia (LFA)	<p>COPD Clinical Tools for Best Practice Patient Care</p> <p>The COPD Clinical Tools for Best Practice Patient Care program was delivered by Lung Foundation Australia to support primary healthcare professionals in the delivery of evidence based care for people living with chronic obstructive pulmonary disease (COPD). The program aimed to review, update, and promote the Stepwise Management of Stable COPD clinical tool in line with the COPD X guidelines, enhancing clinical decision making and supporting optimal patient management. Activities included expert clinical consultation, content review, resource design, user testing, and development of promotional materials to encourage uptake among general practitioners, pharmacists, nurses, and allied health professionals.</p> <p>The program was supported through educational grant funding of \$15,000 from GSK, which contributed to clinical content development, resource design, and dissemination activities.</p>	\$15,000

Date (month/year) on which the grant or donation was made	Name of Healthcare Organisation	Description of the purpose of the grant or donation	Total monetary value of the grant or donation made in this reporting period (\$ AUD ex GST)
Nov-25	Australia New Zealand Gynaecological Oncology Group (ANZGOG)	<p>Preceptorship - "Thriving, Not Just Surviving, After Cancer"</p> <p>The ANZGOG Preceptorship "Thriving, Not Just Surviving, After Cancer" was delivered by the Australia New Zealand Gynaecological Oncology Group (ANZGOG) as a two day virtual educational program to support the professional development of early career healthcare professionals working in gynaecological oncology. The program aimed to enhance multidisciplinary knowledge and skills in long term survivorship care, including psychosocial support, quality of life, and management of long term treatment effects for patients with gynaecological cancers. Delivered through a structured, mentor guided format, the preceptorship engaged trainees, clinicians, and specialist nurses in evidence review, presentations, and expert facilitated discussions.</p> <p>The program was supported through grant funding of \$20,000 from GSK, which contributed to event coordination, virtual delivery, educational resources, mentoring support, and post event access to recorded content.</p>	\$20,000
Dec-25	Unyoked Health Foundation	<p>Digital Paediatric Health Education Program 2026</p> <p>The Well Nest will be delivered in 2026 as an independent digital health education initiative designed to improve health literacy and address misinformation relating to paediatric health and immunisation among parents, caregivers, and young families in Australia. The program will aim to promote evidence based understanding of routine childhood and maternal immunisations, vaccine preventable diseases, and common paediatric health concerns, with a particular focus on engaging culturally and linguistically diverse and under resourced communities. Activities will include development and dissemination of clinician informed educational content via social media platforms, targeted digital campaigns to address vaccine hesitancy, and enhancements to digital infrastructure to support accessibility, inclusivity, and two way engagement.</p> <p>The program will be supported through an independent medical education grant of \$27,000 from GSK, contributing to delivery of The Well Nest program activities over a 12 month period in 2026.</p>	\$27,000
